## SUMMER 2018 Newsletter

Dr. C's Update...

Hope everyone is getting ready for a HOT summer ahead...we seemed to have missed spring once again this year.

School is almost out and many of you must be planning your big summer getaways. We always love to hear where you have been and with who. As our families are getting older, we are losing some of them to college and jobs. It has been so nice to be part of your families and see how the kids have flourished into such wonderful young adults with great success ahead of them! We always look forward to seeing them at their appointments.

My kids are in the same boat. Manav, my eldest is 16 years old now and he is looking at colleges. OR I should say WE are looking at colleges! What a project, exciting, but stressful! Then Milan, my 14 year old, was accepted to Our

Lady of Good Counsel High School in Olney and is looking forward to the next chapter of his life alongside his older brother. He has been working hard on his basketball skills because he really wants to play on high school team. And then my next son, Shaunak, who is soon to be 11 and is going to start middle school next year and is looking forward to this new change in his life. And lastly, our daughter, Eshana, who is 8, is doing just great! She is very involved in Girl Scouts and loves her dog, Jordyn, who is 2 years old! We have some trips planned this summer, but more importantly we are making memories every day, as these times are very precious.

In the office, we have had some changes. Kristen, the dental assistant, has moved on to another career at the Rockville Court house. Mary, the hygienist, has retired from her job here and has taken time to rest and catch up with life. You may get to see her in the office, as she has offered to come help at times, when needed. You will see some new faces, as we are looking to hire new staff for these 2 positions. If you know anyone looking, please pass them our way.

We hope that we have met your dental expectations at your visits. We are always open to new suggestions and ideas. We do our best to take care of you and your needs. We always look forward to seeing you at your appointments.

Thank You.
