

Dentistry of Today

A Mission of Quality

SENIOR smile is dedicated to preventing poor oral health amongst today's senior population. Our mission is accomplished through providing quality modern day dentistry at the doorsteps of your family member's community, hence providing a more convenient method of oral healthcare.

Your Partner in Providing Quality Care

SENIOR smile's staff understands the special needs of seniors. We realize the importance of increasing accessibility to basic dental services for today's growing senior population. Together we can work towards maintaining the high standard of care to which your facility is committed and ensure that we meet these guidelines as a team.

Understanding Your Needs

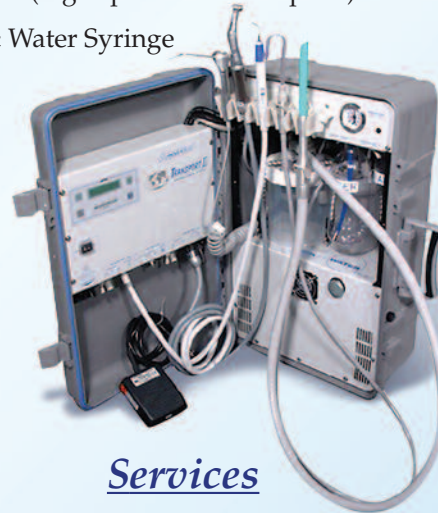

SENIOR smile realizes the changes associated with aging presents challenges in maintaining an oral health program. To a senior faced with physical limitations, a simple trip to the dentist can become a frustrating, exhausting ordeal. Therefore, through **SENIOR smile**, we hope to eliminate this as a source of stress upon families of these seniors needing quality oral healthcare.

The Professional Team

Dr. Namita T. Chaudhary

is a 1998 Magna Cum Laude graduate of the University of Maryland's prestigious Baltimore College of Dental Surgery. She also completed a General Practice Residency with the Veteran's Affairs Medical Center in Washington, D.C. in 1999.

Dr. Chaudhary, previously the co-owner of *The Mobile Dentist* until 2002, was solely responsible in serving 50-60 senior living communities throughout Maryland and D.C. in a mobile dental van. Having spent a large portion of her career dealing with the special needs of senior dental patients, her experience has been profound in the field of geriatrics.

She since has pursued her own solo practice in North Bethesda and has been here since 2003. She is further expanding her interest in the current areas and into Virginia. She is improving the dental health of our senior population with the help of Jessica (Senior Smile Coordinator/Dental Assistant) and Vanessa (Office Administrator/Dental Assistant).

Dr. Chaudhary is looking beyond a mobile vehicle to provide oral health care and is bringing her state-of-the-art portable dental equipment directly into the facility. She is dedicated in making **SENIOR smile** all about the patients and providing this unique service, so that it is easier on the patient, the family members and the facility in which your loved ones reside. She genuinely enjoys caring for the elderly and makes it a point to make them smile.

Benefits for the Patient, Family and Facility

For PATIENT/FAMILIES:

CONVENIENT: For those family members that work/live out of the area.

COST SAVINGS: Good oral hygiene can decrease the association to a secondary infection, such as endocarditis/stroke.

AT-HOME SERVICE: Patients are seen in the comfort of their own environment.

BETTER HEALTH & MUCH HAPPIER: Patients start to eat more and gain weight, less discomfort in the mouth and food tastes even better.

For FACILITIES:

ADDED AMENITY: A service appealing to future residents/families.

JOB SATISFACTION: Caregivers have less oral hygiene issues, such as halitosis, candidiasis, etc.

ON-SITE SERVICE: No one needs to take the patients out in inclement weather, such as snow, sleet and rain.

AND FOR US...

An IMPROVED QUALITY of ORAL
HEALTH CARE, LIFE and LOTS OF
SMILES!!!!

What others are saying about SENIOR *smile*...

"The Maryland State Dental Association referred Dr. Chaudhary when I really needed a dentist to help my homebound mother, who has Alzheimer's disease. She was amazing on how she handled my mother and her equipment was very impressive."

- Joe Perron (Family)
(Annapolis, MD)

"**SENIOR *smile*** helped me when I needed to be fit for new dentures. They were very efficient in giving me my smile back. I am really ecstatic about my teeth and glad that they exist."

- Billie Cook (Resident)
(Frederick, MD)
