Dear Dr. Chaudhary:

This is to express my sincere and grateful appreciation for the prompt and professional services you have provided to me.

The unique "mobile dentist" services that you provide to seniors was extremely valuable to me and served as an extraordinary example of compassionate health care. After being discharged from the hospital and admitted to a rehab facility, my recovery process was set back because my dentures had been lost in the hospital. This unfortunate event prevented me from eating a healthy diet, affected my ability to speak clearly, and negatively influenced my overall spirits.

Your efforts to maintain a dental practice that provides special services to seniors and homebound patients was an absolute blessing to me. Your ability to promptly provide an onsite dental appointment and to quickly return to provide new dentures and make appropriate adjustments, greatly contributed to my overall recovery.

Coincidentally, I am a retired dentist who practiced dentistry in New York City for 52 years. Thanks to your kindness and willingness to help seniors, I now know firsthand what it feels like to be a patient seeking immediate attention. I only wish that there would be less traffic on the roads in our metropolitan area so that you and your assistant would be able to help even more people every day. Your dental practice is a great asset to our community. Thank you for everything; including returning my smile on Valentine's Day!

Sincerely,

Elsa M. Friedman
